NEW YORK CITY MARINE BAND CHAUTAUQUA FEATURE

There are over 250 bands in New York city playing in concert. Some are good bands and some are better, and about twenty of them have become famous throughout America. It can readily be seen that New York is somewhat of a "band city." But there is one band in New York that every one from the newsboy to the stockbroker on Wall street is proud to call New York's "best" band. That band is the New York City Marine Band. It has played to music lovers for more than three generations and has remained through these long years the leading military band of New York city and the United States. At Newport, R. I., last summer over 10,000 people appeared on the beaches to hear the final concert of this great organization. It was a great day. The leader acceded to the demands of the people and played literally hundreds of selections for the music mad audience. There have been good bands at Chautauqua before. But there has never been a band at any Chautauqua that will "put over" such music as the New York City Marine Band when it appears for two big concerts on "Band Day."

ACT QUICKLY.

Delay Has Been Dangerous in Pendleton.

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Pendleton evidence of their worth.

Mrs. William McGregor, 711 13th street, Pendleton, says: "I was troubled more or less all my life by weakness of my kidneys. My hands and feet swelled and sometimes my whole body bloated. A steady pain in the small of my back and sides annoyed me and when doing my work it was hard for me to straighten after stooping. When I did stoop, sharp twinges shot through my back and sides. I was dizzy and my head ached. I was common and I couldn't rest well. Mornings I felt all tired out. I tried a great many medicines and spent a great deal of money on doctors' treatment, but got no relief. Doan's Kidney Pills, however, cured the aches and pains in my back and regulated the action of my kidneys." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McGregor had. Foster-McBurn Co., Props., Buffalo, N. Y.

HAY MARKET FIRM IN WESTERN OREGON

PORTLAND, Ore., May 25.—Notwithstanding the talk in some quarters that the hay market is very weak, the real trade here is excitedly firm. One of the most prominent local houses freely offered \$22.50 for a carload of common Willamette valley timothy during the last 24 hours to other dealers, but was unable to secure supplies. Eastern Oregon timothy was being offered by the trade here in carload lots around \$26.50 to \$27.50 a ton, including freight.

Flour—Selling price: Patent, \$5.20; Willamette valley, \$4.90; local, \$4.80 to \$5.00; bakers' local, \$4.80 to \$5.20; Montana spring wheat, \$8.10; exports, \$4.50 to \$4.70; whole wheat \$6.65; graham, \$5.40; rye flour, \$5.95 per barrel.

Hay—Buying price: Willamette valley timothy fancy, \$20; eastern Oregon-Idaho fancy timothy, \$21 to \$22; alfalfa, \$21 to \$22; vetch and oats, \$18; clover, \$16.

Grain sacks—1916 nominal No. 1

Within several days it is expected that Pacific northwest alfalfa hay will start to market. The crop this season is said to be of quite fair volume, but it is not likely that there will be free offerings within the immediate future except at high prices. Hay men have had their price ideas boosted by the recent scarcity of supplies, therefore, it is safe to presume that alfalfa prices will start somewhat higher this season than normal.

Broomhall cabled from Liverpool that the wheat market was steady on strength in Winnipeg and Buenos Aires. Cargo market irregular. Winters unchanged; Manitobas 64 dealer, Platts and Australians steadily held. There is an improved demand, although slight. Continental demand is good with expectations of continued liberal purchases from this source, as supplies are light.

Argentina—Weather is fine. France—Condition of wheat May 1: Winter wheat 65 per cent. Spring 72 per cent. Acreage 13,990,000 against 14,000,000 last year. A normal yield of wheat averages 32,000,000 bushels. United Kingdom—Weather is fine. Native offers increasing with prices lower; foreign arrivals continue liberal.

Calcutta, 13 1-2 to 13 3-4c; in carlots, less amounts are higher.

Dissension in Women's Clubs.

NEW YORK, May 24.—Dissension broke out in the ranks of the women's clubs despite the fact that the national convention does not open until tomorrow. Mrs. John Hays Hammond gave a luncheon to Mesdames Roosevelt, Bryan, Hughes and Miss Margaret Wilson and failed to invite Mrs. Josiah Cowles, candidate for the presidency. Mrs. Cowles' supporters murmured at the insult. Other candidates and friends said they did not control the luncheon guests.

How Mrs. Harrod of Bid of Her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.—Adv.

France is Aiding Russia to Solve Munition Problem

SLAVE WILL BE SUPPLIED WITH MATERIAL TO CARRY ON THE WAR.

PETROGRAD, May 24.—The visit of Albert Thomas, the French minister of munitions, to Petrograd, accompanying Viviani, indicates that the French are helping Russia to solve the munitions problem. The Hudson Bay Company has placed 150 vessels at the disposal of the allies for use in the Archangel trade in victualing and munitioning Russia from the United States and Canada.

COLUMBUS, May 24.—Pershing to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Small Juries Held Legal.

WASHINGTON, May 23.—Juries of less than 12 men, when required by common law and verdicts by less than the entire jury, when provided for by the state law, are valid in cases, even those arising under federal law, the supreme court held.

The decision upheld the Minnesota law permitting five-sixths of a jury to return a verdict after being out 12 hours.

DRINK WATER TO AVOID SICKNESS SAYS AUTHORITY

GLASS OF HOT WATER BEFORE BREAKFAST DAILY KEEPS THE DOCTOR AWAY.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.
